

## Welcome to MassBio

### Alumni of Member Organization Receive Exclusive Benefits

The Massachusetts Biotechnology Council (MassBio) is the life sciences trade organization, providing resources to its 1500+ members and advocacy for the industry. **Babson College is a member! As an alum of Babson College, YOU are a member as well.**

As an alum of MassBio member organization, you have access to many special benefits. To take advantage of the exclusive rewards and professional opportunities available, you must first create a MassBio account with your Babson email address:

### Create a MassBio Account

1. Visit [www.massbio.org](http://www.massbio.org)
2. Click "Sign In/Create Account" at the top of the home page. Then select "Create an Account".
3. Enter your Babson email address and fill in the details.
4. You will receive a verification code email prompting you to complete your account setup. [Follow the instructions to complete your account.](#)

Need more help? Visit our [FAQs page](#) for instructions with pictures.

### Savings and Professional Development Opportunities

[MassBio's Employee Rewards](#) program offers special savings and incentives at 125+ restaurants, retailers, health and fitness clubs, and area attractions specifically for the employees of our member companies.

With [115+ events annually](#), there is something for everyone. Whether it's a networking mixer, premier conference, forum or, training, you can continue to build your professional capabilities and network.

### Become a Part of the MassBio Community

When you create your MassBio account, be sure to sign up for emails to receive all the latest news, invitations to exclusive member mixers, and so much more.

Connect with us and others in the life sciences on [LinkedIn](#), [Twitter](#), [Facebook](#), and [Instagram](#), and join our private [LinkedIn Group](#).
